

# Wired remote controller (Design type)

UTY-RVRY

NEW

## Simple and stylish design that harmonizes with the space

The new stylish design controller, UTY-RVRY, enables intuitive operation with touch screen. It is compatible with many 2-wired indoor units.

Up to 16 indoor units  
Up to 1 group

## Harmonizes with the Installation Space

When not in use, the controller is a part of the interior décor. This is achieved by using mirrors, glass, and clear panels, and it appears to be one with the wall. The sleek and stylish design won the 2022 Good Design Award and was selected as a finalist for the 2023 IDEA award.

## Intuitive operation

The touch screen is easily operated by swiping vertically and horizontally, and users can operate the controller without using manuals.

## Status LED Colors

When not in use, the operation mode is indicated through LED lamp colors shown under the controller. The LED lamp can be switched ON and OFF to avoid glare at night.

## Features: Wired Remote Controller (Design type)

### Refrigerant cycle monitor

The controller will display specific sensor values of outdoor and indoor units for maintenance and service support.

- \* Display screen example
- \* This function is only supported by split units, using the H-Serial communication protocol! Example: ASYH30KMTB

### Logo Display

The controller can display hotel logos when not in use. Images are sent via Bluetooth® connection where data is saved in the flash memory built into each controller.

\* Color display available

### AIRSTAGE Remo Set application (free download)

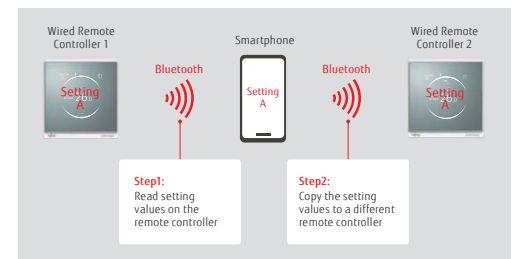

Set up your new Wired Remote Controller via Bluetooth from your smartphone (or directly at the controller).

- Features:**
- Initial configuration
  - Function setting
  - Custom logo import
  - Copy settings between controllers

### Initial Settings / Indoor Unit Function

The initial controller settings and indoor unit function settings can be sent from a smartphone by pairing with the controller via Bluetooth. It also can read the setting values of a paired controller, and send a copy of them to one or more additional controllers, significantly reducing installation time.

\*Smartphone : Wired Remote Controller = 1 : 1

### Specifications

Model name	UTY-RVRY
Power Source	DC12V
Dimensions (H × W × D) (mm)	121.5 × 116 × 26
Weight (g)	225
